---

Dear Rotary Club of \_\_\_\_\_:

On behalf of the District 7390 Youth Exchange committee and the students involved, I thank you for taking the opportunity to experience the purpose of our program by hosting the Inbound students for the overnight at \_\_\_\_\_ on \_\_\_\_\_. It is my hope that your club members gain as much as our students do from interacting in this international experience.

By hosting this event, you have contributed to the District committee's desire to have our Inbound students leave South Central Pennsylvania with a clear appreciation of who we are and where we live. With similar events in other parts of the District throughout the year, we believe this can be accomplished.

As a token of appreciation and in an attempt to defray costs to your club, the District can offer your club up to \$125 for hosting this District event. Please forward your request for the amount of, along with the event receipts, name and address to mail the reimbursement check, who the check should be made payable to, and forward to Melissa Bruck for reimbursement.

Once again, thank you for your support of and involvement in the Rotary District 7390 Youth Exchange program. I look forward to your enthusiastic participation again in the future.

In Rotary,

Linda Spotts  
District YE Chair

Steve Feinour  
District Inbound Chair
