

ADDITIONAL INFORMATION ABOUT AI FOR ROTARIANS

Tom Jones

Hershey Rotary Club

- Archie - AI for Rotary Clubs: This is a custom AI advisor designed specifically for Rotary leaders, providing Rotary International-aligned guidance on policy, governance, membership, and more. It operates within ChatGPT and helps with confidential, effective leadership support. Requires access to ChatGPT plus (\$19.99 per month or \$200 annually). Access it via: <https://rotarydistrict5240.org/stories/introducing-archie-ai-for-rotary-clubs>
- Re (AI)maging Rotary: A Practical Guide to Using AI in Your Club: This guide from the Central New York Rotary district (District 7180) offers step-by-step examples of using AI for content repurposing, event planning, newsletters, and social media. It includes downloadable slides and a video demonstration, with a case study using AI in fundraising. Access it via: [https://cnyrotary.org/stories/re-\(ai\)maging-rotary-a-practical-guide-to-using-ai-in-your-club](https://cnyrotary.org/stories/re-(ai)maging-rotary-a-practical-guide-to-using-ai-in-your-club)
- Artificial Intelligence Rotary Fellowship (AIRF): A global network for Rotarians interested in AI, offering workshops, training, resources, and tools to apply AI in club projects and community service. Membership provides access to guides, templates, and events. Join at: <https://airotaryfellowship.org/>
- “How AI Could Transform Your Club” (video by) – A webinar from Rotary District 9790 about using AI tools like ChatGPT to streamline club administration and improve productivity in Rotary clubs.
Access it via: <https://www.facebook.com/share/v/14XWxpjv1CS/?mibextid=wwXlfr>
- The Rotary Action Group for Community Economic Development (RAG CED) offers structured AI courses ranging from foundational levels (\$100) to core level AI and machine learning concepts and techniques (\$100) to advanced machine learning techniques and modeling for community projects (\$150). Cost is \$50 for individual membership in the Action Group.
Access it via: [AI Course for Community Economic Development](#)
- Provides an update on AI in the Rotary Learning Center course on protecting personal data.
Access it via:

<https://learn.rotary.org/members/learn/courses/536/protecting-personal-data/lessons>

- Provides a high-level Governance Framework and Acceptable Use Guidelines specifically tailored for Rotary-related organizations to use AI ethically and effectively. Rotary Charities was founded by the Rotary Club of Traverse City, Michigan.
